

DOE ONLINE LEARNING CENTER² (OLC²) HARDWARE UPGRADE

The Office of the Chief Human Capital Officer is pleased to announce the hardware upgrading of the Online Learning Center² (OLC²) on March 30, 2009. This effort will help meet the increased demands on the OLC² and the hardware upgrade will accommodate the increasing user base and course library. As part of the upgrade, the OLC² will not be available for use after 5 pm EDT on Friday, March 27 through Sunday, March 29.

With over 5,000 courses, you can find what you need with ease and save money on travel and training costs. You can take a few courses at your leisure or schedule several courses at a time. As a reminder, all DOE Federal employees have a complimentary subscription to the entire enterprise library of courses. In other words, there's NO COST to complete courses in the OLC² for DOE Federal employees.

In preparation for upcoming mandatory training, the Office of the Chief Human Capital Officer recommends that all DOE Federal personnel log into the OLC² by April 1 to validate their username and password. This effort will also ensure proper login accessibility to the training sessions.

Take advantage of this great opportunity! Log on now at <https://olc2.energy.gov>. (NOTE: The OLC² desktop system configuration checker will run to check for system compatibility). Your Learner ID is FIRSTNAME.LASTNAME. If you forgot your password, click the "Forgot Your Password?" link on the home login page and follow the instructions. To locate your Office OLC² Administrator for assistance, click the OLC² Administrator link on the home login page.

Whether at your desk, at home, or on the go, the OLC² is available 24 hours a day, 7 days a week. Please direct your questions, comments and suggestions to the OLC² Helpdesk at 202-586-3607 (8:00 A.M. – 5:00 P.M. EST) or energyolc@hq.doe.gov. We appreciate your feedback as we continue to improve the system to work better for you!
